To Whom it May Concern:

I feel I need to tell you about what the Trioxinator has done for me.

I have been using the Trioxinator for approximately 2 months and the benefits I have received are simply amazing.

First, myself and my wife use the Trioxinator every night and we are having deep sleeps nightly like we have never had before. My hair has partially come back on my head even though I had lost this hair for over 20 years, I still have a long ways to go and I am looking forward to even more results.

I have a very stressful management job and my resilience, depression and ability to cope with stress have all improved greatly. Also friends and family members are asking me what I have done because they notice a difference in how I look. My skin and wrinkles are years younger since using the Trioxinator.

Now for the amazing part, as a piano player, pain I had in my right knuckles limited me from playing the piano for 2 years, this has completely gone, I am pain free and can play the piano again.

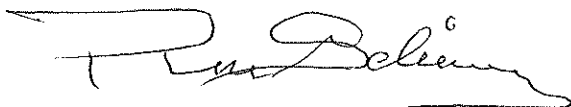

Also, my left thigh had been totally numb for at least a year, it was like my leg was frozen, I felt nothing, the Trioxinator has given me back my leg with no pain and the swelling is gone and I have complete feeling back in it. My Chiropractor was concerned I would not be able to walk .

I had tried everything to eliminate my pain including chiropractic, micro current, Shiatsu, deep massage and nothing worked until I used the Trioxinator.

For me, I just forgot about the pain until yesterday it hit me, my leg and hand does not hurt anymore, they are not swollen. I have made no changes to my daily routine other than using the Trioxinator on my head.. This was totally unexpected, out of the blue as I just used the Trioxinator for my hair and sleep.

Thank you so much, I hope others can read this and try it as well. It is truly remarkable.

Sincerely,
